

Certificate of Portable Appliance Testing

Micks Disco Fever

Appliances at the above location have been inspected and tested for electrical safety by Elektec Ltd in compliance with the Electricity at Work Regulations 1989. All unsafe equipment was withdrawn from service and repairs carried out where necessary.

Though the equipment was safe at the time of test, for continued compliance with legislation, appliances should be visually inspected on a regular basis and retested on the due date.

The measured values obtained at the time of testing have been input into our database.
